Warmth, simplicity and quality-to-touch make Vivace a consistently popular choice among young women seeking a watch that affirms individuality while looking perfect for every scene in everyday life.

The latest models explore motifs which inspired the 2003 collection, retaining such well-established strengths as quiet elegance and natural energy while delicately enhancing the collection's jewellery look.

The Vivace signatures of diamond dials and frost finish bracelets are carried through to 2004, with new patterns of frost finish or intriguing dual color mother of pearl on the dial adding new touches of Innovation and Refinement.
